INTERNATIONAL COMMODORE'S MESSAGE

Dear Friends, IYforians,

The great news of these last three months was the AGM in Chile.

We were so Lucky to have the presence of the Executive Committee, complete. Apart from its three members we also had the two PICs, Sergio Santi and Jun Avecilla, that covered an enormous distance to be with us.

Sergio Santi did something special. His flight from Italy brought him to Buenos Aires and from there he came by car all the way to the South of Argentina and from there, crossing the Andes chain of mountains, he arrived at Puerto Montt, where the *Scorpios II* was waiting for us. Jun Avecilla took another route, much longer, from Manila via Atlanta to Puerto Montt. In Atlanta he didn't forget to bring his gracious sister Gigi and his brother in law, Armando. Armando last year had won the love of us all through his kindness in going to fetch us at the airport in Atlanta, to take us to the hotel.

One of the very good news was the presence of Julie McKellar Ayres and Fiona, from Scotland. We hadn't seen Fiona since Korea. With Julie and Mac I started contact months before, when they were in South Africa. Apart from seeing lions and elephants, I discovered, they wanted to see sea lions and dolphins. Back in Scotland, Mac had to undergo an operation. Discovering that Mac's son was ready to look after him, Julie decided to come on her own, bringing Fiona with her.

We had visitors from all the countries of South America and Mexico. In our system, during our working day we had all the fleets, one by one, expose what they have done during the last year. All the rest making inquiries.

One surprise was produced by Regional Commodore Walter. He came up with a song of the Fellowship, lyrics and music, that we all sang.

Our tour around the fjords included some community service: We landed at a school in one of the islands to donate 350 books for the children. The same day we paid homage to a person born on the island of Chiloe, more than a century ago, that developed to become a great writer, with prizes not only in Chile, but also in France.

Last but not least, our kudos to RC Walter, and AC Angie that organized the event, kept watch during the year on all the fleets, and helped to put them together in the first place.

I think you'll find details of the AGM in another part of this Rota float, but I wanted to put the light on this event that I consider outstanding and of great importance.

Thank you

IC Guillermo

A1 AGM PORTSMOUTH SEPTEMBER

Portsmouth 21st September - 23rd September 2018

Area 1 Commodore Bob Burns invites all members of the International Yachting Fellowship to join him for the Annual General Meeting and Fellowship weekend.

This year we will be meeting in the historic naval town of Portsmouth with its many connections with the Royal Navy.

In Portsmouth, the Historic Dockyard houses many famous ships including HMS Victory, on which Admiral Nelson fought and died and the exhibition of the reclaimed wreck of the Mary Rose, Henry VIII's flagship which sank in Tudor times and was reclaimed from the sea in an amazing archeological and engineering project.

Among the other vessels in the Harbour is HMS Warrior, Britain's first iron hulled warship, which was the pride of Queen Victoria's navy. We have arranged to have our evening meal on the Saturday in the unique atmosphere of the gun deck of the Warrior.

A1 AGM PORTSMOUTH SEPTEMBER

The Historic Dockyard

Nelson and the Victory

HMS Victory is still a commissioned vessel in the Royal Navy and acts as the Flag Ship to the First Sea Lord. She serves as a museum ship and you can tour the vessel with its many historic artifacts.

The Mary Rose Exhibition

The wreck of the Mary Rose is housed in a special environmentally controlled building with many of the finds from the wreck exhibited including the day to day implements from a Tudor warship

A1 AGM PORTSMOUTH SEPTEMBER

HMS Warrior

We will be dining on board HMS Warrior which will include a tour of the ship which was the first iron hulled ship in the Royal Navy and was the pride of Queen Victoria's Naval Fleet.

Around the Dockyard are many historic sights which can be found on a well signed historic walk which takes you through the old town to the cathedral. It passes along the foreshore winding through the streets of the old town with many interesting buildings and sights.

With a few "watering holes" on the way!

We will be staying in The Royal Maritime Club which is just outside the gates of the Dockyard and only a short walk from the Gunwharf Quays Shopping Center and the start of the Old Town history walk. There is a car park opposite which has a special rate for guests.

We will be venturing out onto the Solent, taking a boat from near the Royal Maritime Club to voyage to Cowes on the Isle of Wight, where we will take lunch in The Island Sailing Club.

We hope to be able to produce a memorable weekend which will give a taste of British Maritime Tradition and provide a warm and friendly atmosphere to renew old acquaintances and make new friends in our fellowship. Details of how to book, the programme and costs are attached, we hope to see you in September.

ADDITIONAL ACTIVITY

The Royal Yacht Squadron, which is situated in Cowes on the Isle of Wight, has kindly extended an invitation to members of the IYFR to have lunch with them, on Thursday 20th September.

Commodore Peter Ibbotson has been able to organise a boat to ferry members from Portsmouth to Cowes for the meal. It is a chance to see the historic waterfront club house, as well as explore Cowes in greater detail.

The lunch is at midday on Thursday 20th which means additional accommodation will need to be booked for the night before, if coming from outside the U.K. The special rate for the rooms will still apply, and there is the option to include dinner at the Royal Maritime Club in the evening.

The cost of the lunch will be £38 approx. The ferry cost will be dependent on numbers but should be a maximum of £12.66.

If you are interested in taking part, please contact Peter via email peter@cotsport.com

GETTING TO PORTSMOUTH

There is a good road network to get to Portsmouth. Get onto the M25 South, go around to the M3 for Southampton, then turn onto the M27 for Portsmouth. Go towards the Historic Dockyard and the Royal Maritime Club is on the left.

If coming by air

Southampton Airport is nearby but has a limited connectivity.

Gatwick Airport is simpler to manage than Heathrow and has a good train service to Portsmouth Harbour.

Trains run from Gatwick Airport station to Portsmouth Harbour Station which is a short walk to the Maritime Club.

The web site below gives the timetable and the fares. Most require you to change trains but there are some that go straight through.

www.nationalrail.co.uk

Heathrow Airport you will have to go by train into Waterloo Station and then back out to Portsmouth Harbour . Information on times and fares can be obtained from, www.nationalrail.co.uk

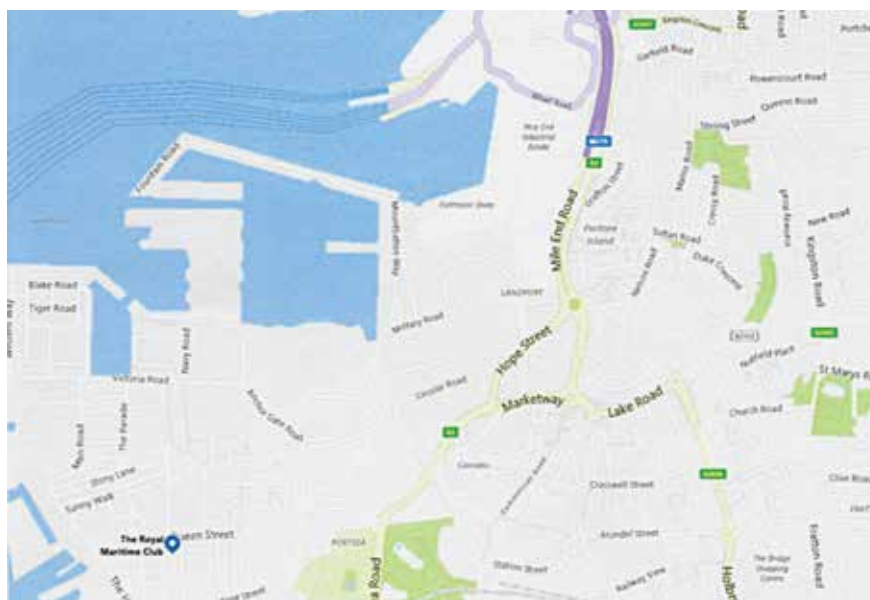

Ferries

From France: Cherbourg, St Malo, Caen and Le Havre.

From Spain: Santander and Bilbao.

Brittany Ferries have sailings to Portsmouth and information can be obtained from: <http://www.brittany-ferries.co.uk>

Under Sail

If you wish to sail across, information on Marinas can be obtained at <http://www.welcometoportsmouth.co.uk/>

35TH ANNUAL HANDS ACROSS THE BORDER RENDEZVOUS

A NEW (ROYAL) MEMBER

By Robin Sudlow RC GB&I

Her Royal Highness, the Princess Anne has accepted honorary membership of the International Fellowship of Rotarians. She is a keen sailor as well as being an honorary Rotarian. She has a long association with the yachting community, having been involved with the Royal Yachting Association for many years, and we are delighted that she has joined us.

She was presented with her membership burgee and regalia, by Regional Commodore Robin Sudlow at the recent National Conference of Rotary International in Great Britain and Ireland, which took place in Torquay, G.B. last month.

REGATTA CARNIOLA 2018

By Emil Marinsek Slovenian Secretary- Official Regatta Carniola photographer

Rotary Club Ljubljana Carniola has organized another successful event the 10th regatta Carniola. Since participants really loved the locations from 2017, we decided to use the same route in 2018. Within same sailing area as last year we had 20 sailing boats of Bavaria-46 participating. We have another 6 teams on the waiting list, because regatta remains limited to 20 boats or 160 sailors. The limitation is due the small marinas and restaurants available on Dalmatian islands. 160 sailors were enjoying wonderful sunny weather with light winds, 4 exciting regatta races and 3 excellent dinners. There were participants from 6 different countries :Slovenia, Serbia, Macedonia, Austria, Germany and Bosnia. The winner of regatta Carniola 2018 was Rotary Club Skopje from Macedonia with skipper Igor Kadunc.

CHARTERING OF HELLENIC NORTH AEGEAN FLEET

By Robert Burns IVC

Three years ago Greece had no IYFR fleets. Now they have three. That is a real good news story.

Ann and I flew out to Thessaloniki on Friday 25th May to the Charter of the Hellenic North Aegean Fleet. We were met at the airport by Yiannis Tselios, who would drive us to Kavala, but only after a stop at a nearby pastry shop, which was something else. We had never seen such a selection of breads and pastries, including delicious baklavas, and found making a choice almost impossible!

We finally arrived at the hotel after joining other motorists, sheltering under a bridge from the hail stones. It was like being home in Scotland again, sun-hail-sun. In the evening we met with the new Commodore of the Hellenic North Aegean Fleet, Dimosthenislordanidis and our Greek friends from the Hellenic Aegean Fleet, Katerina Kotsali-Papadimitriou, Commodore of the Fleet, and Lila Kyriakopoulou-Schliebener and Liana Papageorgiou along with our new friends from Kavala and walked to a tavern in the old town – what a Greek welcome! After much local food and wine was consumed, a guitarist arrived and the rest of the evening was spent singing and dancing. What a great start to the weekend

GREEK NIGHT IN KAVALA JUNE 2018

LILA WITH CAKE

Saturday morning, Yiannis met us all and we walked to a Tobacco Museum, where we had a guided tour (in English), which was very interesting. The ladies among us then did a little shopping before we all went for a traditional tea or coffee in a restored traditional hotel in the old town. This set us up for the more formal ceremony of the Fleet Charter, which was conducted in a warm, friendly and informal manner, while retaining the necessary formality of a Charter. First, while we began a beautiful meal, Katerina gave a very helpful presentation, explaining all about IYFR, its history, structure and various activities, highlighting the great fun that is enjoyed by its members. The meal was followed by the ceremony itself. The Fleet Charter was presented to the Commodore and then personal Founder Member certificates were presented to each member, along with an IYFR pin. The Flag Officers were all presented with their appropriate regalia. It is great having three fleets in an area of such excellent sailing, while only three years ago there were none.

CHARTERING OF HELLENIC NORTH AEGEAN FLEET

In the evening, some of us went back through the old town and walked up to the castle on the top of the hill, enjoying the wonderful views over the harbour and town, while soaking up the historic atmosphere of Kavala.

Sunday, a number of us went for a sail from Avdira Port, Xanthi, on a Bavaria 46ft yacht, courtesy, of Avdiros Sailing, partly owned by one of the members of the new fleet. There was plenty of wind and we were able to enjoy the boat under sail as well as engine. Once on shore again, we drove to an open-air restaurant for a seafood meal and more wine.

To add to the pleasure of the day, it was Lila's birthday and so, for dessert, it was back to the boat, where she produced a beautiful cake, which we all ate, while toasting her with the best of champagne. To help work off our over-indulgence it was a walk around the beautiful old town of Xanthi before coffee and the most delicious cakes, to get our energy back! The sun shone throughout to help make it a perfect day.

Sadly, Katerina, Lila and Liana had to fly home that evening, but the rest of us enjoyed ouzo and meze under the stars on the waterfront. What a perfect end to an idyllic weekend. I wish the new Hellenic North Aegean Fleet many years of fun and fellowship for its members and I will look forward to visiting it again, hopefully, in the not too distant future.

Rotary Club Durazzo + IYFR Italy South East Fleet

By Enzo Pirato FC Brindisi Italia

A significant cooperation experience took place 26th april 2018 at the stunning ledge of Arvi di Durazzo Hotel between R.C Durazzo and South East Fleet Rotary. Each fellowship meeting is a dynamic and vital element to strengthen ties of friendship, promote intercultural dialogue, establish long-term relationships and carry out projects.

This is the "philosophy" that emerged during the ceremony opened with the National Hymns and the moving greeting of the host President of Durazzo Club, Arben Dushi who outline the importance of the event that arose in the door of a millennial dialogue between East and West. Albania, he said, is a "piece" of Italy over the Adriatic, close by geographical location and historical bonding, divided by the sea, the same sea which at the same time unites them in a globalized world.

Italy South East Fleet of Brindisi Commodore, Vincenzo Pirato, enthusiastic promoter and organizer of the initiative, reiterated the importance of brotherhood to build peace and civil coexistence and highlighted the importance of uniting the two Rotarian souls: Club di Durazzo and Italy South East Fleet; in compliance with the high principles of Rotary International.

After the greetings, Vincenzo Rinaldi and Selda Gerson Special Advisor IYFR mentioned that, Albania, may start an IYFR Fleet, with the Rotarian Fellowships perspective, groups that share the goal of professional growth, the promotion of new friendships and the improvement of their own experience within Rotary.

"Durazzo, the bridge that unites Rotarians in our countries" was the theme addressed by Hajdar Kovaci, Past President of the host club. Retracing in a synthetic manner how effective the history of Durazzo, has highlighted the strategic role of the city since the roman age and as it retains the testimonies of the salient moments and of the historical dynamics of the Adriatic sea that unites us.

The PDG D-2420 for the zone Albania-Kosovo and Macedonia, Murat Celik has renewed the hope of the commitment to grow mutual understanding and above all to develop joint projects in the spirit of Rotarian Friendship that will follow with a new meeting in Italy with the prospect that the inalienable values of solidarity, respect and peace can inspire international relations at all levels.

Significant and exciting time for the exchange of banners, and the gift of a painting of Italy Southeast Fleet boats with sails spread in the wind, with the sentence created by Commodore Pirato *"The sea is our way, the wind the force, the sky our guide and the heart keeps forever our emotions"*, The Presidents started a moving fellowship certificates ceremony, sealed by a fraternal hug as a vivid testimony of the concrete joint efforts in pursuit of Rotarians goals.

During the ceremony, the big surprise from our Albania Squadron Commander, Antonino Fischetti, who has co-opted three new iforniani: Adil Bagga, Gangsta Nini, Skender Garori, while the Commodore Pirato appointed Honorary Member of the fleet ISE, Arben Dushi, Durazzo Club President.

At the end of the day, the authorities and numerous Rotarians made their way through the beautiful Durazzo coast to the "2 Kitarat" restaurant. The restaurant has managed to express casual hospitality, attention to hospitality, authenticity and product quality. The amicable atmosphere pleased everyone at the rhythm of the highest level ranging from Neapolitan Band which played 60 's-70 's Italian's songs. Balkan folklore music, then, gave the opportunity for everyone to dive in an improvised dance that sank everyone in a fraternal cosy atmosphere.

A mix of wellbeing, joy and complicity spirit fill the place creating real friendship bonds.

The final toast was dedicated for a meeting capable of strengthening the feeling of belonging even beyond the borders in the awareness that these occasions are the reflection of the changes in contemporary society and the instruments of a new dynamic developments in international relations.

The ceremony was the highlight of the stay in Albania, which was held from 24th to 28 April allowing the members of brindisini to experience a climate of serenity, friendship and to discover the cultural links with a land close to us not only geographically.

GEMELLAGGIO ROTARY CLUB DURAZZO + IYFR ITALY SOUTH EAST FLEET

Una significativa esperienza di cooperazione si è realizzata giovedì 26 aprile 2018, nella splendida cornice dell'Hotel Arvi di Durazzo: il tra il R.C. di Durazzo e i Rotariani della Italy South East Fleet.

Ogni gemellaggio rappresenta un elemento dinamico e vitale per rafforzare legami di amicizia, promuovere dialogo interculturale, instaurare relazioni a lungo termine e realizzare progetti.

E' questa la "filosofia" emersa durante la cerimonia apertasi con gli Inni Nazionali ed il saluto commosso del Presidente ospitante del Club di Durazzo, Arben Dushi che ha sottolineato l'importanza dell'evento sorto sulle orme di un dialogo millenario tra Oriente e Occidente. L'Albania, ha detto, è un "pezzo" d'Italia oltre l'Adriatico, vicino per collocazione geografica ed intrecci storici, divisi dal mare che, al contempo, le unisce in un mondo globalizzato.

Il Commodoro dell'Italy South East Fleet di Brindisi, Vincenzo Pirato, convinto promotore e organizzatore dell'iniziativa, ha ribadito quanto importante sia il gemellaggio per costruire la pace e la convivenza civile ed ha evidenziato l'importanza di unire le due anime rotariane: il Club di Durazzo e l'Italy South East Fleet, nel rispetto degli alti principi del Rotary International.

Il Comodoro dell' Italy South East Fleet di Brindisi, Vincenzo Pirato, convinto promotore e organizzatore dell'iniziativa, ha ribadito quanto importante sia il gemellaggio per costruire la pace e la convivenza civile ed ha evidenziato l'importanza di unire le due anime rotariane: il Club di Durazzo e l'Italy South East Fleet, nel rispetto degli alti principi del Rotary International.

Dopo i saluti, Vincenzo Rinaldi e Selda Gerson Special Advisor IYFR hanno auspicato che, anche in Albania, possa nascere una Flotta IYFR, nell'ottica delle Fellowships rotariane, gruppi che condividono l'obiettivo della crescita professionale, della promozione di nuove amicizie e il miglioramento della propria esperienza all'interno del Rotary.

"Durazzo, il ponte che unisce i rotariani dei nostri paesi" è stato il tema affrontato da Hajdar Kovaci, Past President del Club ospitante. Ripercorrendo in modo sintetico, quanto efficace la storia di Durazzo, ha messo in evidenza il ruolo strategico della città sin dall'età romana e come essa conservi le testimonianze dei momenti salienti e delle dinamiche storiche del mare Adriatico che ci accomuna.

Il PDG D-2420 per l'area Albania-Kosovo e Macedonia, Murat Celik ha rinnovato l'auspicio dell'impegno per l'approfondimento della reciproca conoscenza e soprattutto lo sviluppo di progetti comuni nello spirito dell'Amicizia rotariana che proseguirà, per tutti noi, con un nuovo incontro in Italia nella prospettiva che gli inalienabili valori di solidarietà, rispetto e pace possano ispirare le relazioni internazionali a tutti i livelli.

Significativo ed emozionante il momento dello scambio dei guidoncini, e del dono della Flotta Italia Sud Est un quadro raffigurante imbarcazioni con le vele spiegate al vento, con la frase creata dal Comodoro Pirato "il mare sia la nostra via, il vento la forza, il cielo la guida ed il cuore conservi per sempre le nostre emozioni", toccante anche la sottoscrizione dei certificati di gemellaggio da parte dei Presidenti, suggellato da un fraterno abbraccio a testimonianza di un concreto impegno comune nel perseguimento degli obiettivi rotariani.

Durante la cerimonia, la grande sorpresa dal nostro Comandante dello Squadrone Albania, Antonino Fischetti, che ha cooptato tre nuovi iforniani: Adil Beqiraj, Virgjil Nini, Skender Garori, mentre il commodoro Pirato ha nominato Socio Onorario della Flotta ISE, Arben Dushi, Presidente del Club Durazzo.

In chiusura dei lavori, le autorità e i numerosi soci rotariani si sono portati, percorrendo lo splendido lungomare di Durazzo, al ristorante "2 Kitarat". Il locale è riuscito ad esprimere quel potenziale fatto di informale accoglienza, attenzione all'ospitalità, genuinità e qualità dei prodotti. L'atmosfera amicale ha messo tutti a proprio agio, complice una band di altissimo livello che spaziava dalle canzoni napoletane a quelle italiane degli anni '60-'70. La musica del folklore balcanico, poi, ha dato l'occasione a tutti di tuffarsi in una danza cadenzata, improvvisata che univa ancor di più e faceva vivere il piacere di una convivialità familiare. Un mix di sensazione di benessere, di gioia e di complicità ha contagiato tutti creando legami di Amicizia. Il brindisi finale è stato di auspicio per un incontro in grado di rinsaldare il sentimento di appartenenza anche al di là dei confini nella consapevolezza che queste occasioni sono il riflesso dei cambiamenti della società contemporanea e strumenti di una dinamica nuova degli sviluppi delle relazioni internazionali.

La cerimonia ha rappresentato il momento clou del soggiorno in Albania, durato dal 24 al 28 aprile che ha consentito ai Soci brindisini di sperimentare un clima di serenità, di amicizia e di scoprire i legami culturali con una terra a noi vicina non solo geograficamente.

REPORT FROM “SAILING FOR TOMORROW 2018” TRADITIONAL PROJECT OF IYFR SLOVENIA

By Marko Murn RC of Balkans

○ SFT PARTICIPANTS

IYFR Slovenia has already for the 5th year in sequence financially supported the Slovenian humanitarian project “Sailing for tomorrow 2018”. This year *Sailing for tomorrow* took place from May 26th to June 2nd, 2018. Seven educational institutions have participated in two groups for four days. Forty two children with special needs, deaf and blind, kids from social marginal families experienced a sail from Veruda Marina near Pula, Istria to the islands of North Adriatic in Croatia.

Rotarians under the coordination of the members of IYFR Slovenia take care for the financial support of the project. This year we have collected money for the project at the “New Year Rotary Dance” of Rotary clubs within Gorenjska region and with the grant of the Slovenian Rotary district. In last seven years, as IYFR is supporting the projects “Mirno more” and “Sailing for tomorrow”, we have financed the participation of 114 kids.

Project *Sailing for tomorrow* is intended for children and youth with special needs, children with disabilities in physical and mental development.

The main purpose of the project is to strengthen their attitude towards life and nature and to effectively increase communication and belonging to the group. Regardless of their special needs and social status children have the opportunity to experience the charm of sailing, to establish a different contact with the sea and to participate as an active crew member on the boat. They can at least for a moment forget about their often sad daily, make new acquaintances and friendships and experience new positive insights with appropriate pedagogical work.

○ SFT WATER FUNS 2

 SFT AT HELM

Sea, sailing and crew require mutual concern, compliance and respect for all. This way of spending time in nature teaches young people to take responsibility for themselves and others, team work, social skills, tolerant conflict resolution, coping with fear and worry, and expressing healthy competition.

Sailing with peers is an unforgettable experience for children with special needs. With professional pedagogical work during the project social dynamics of the group are achieved much faster as under normal conditions of work in school, since the memory of this experience remains for a long time.

The skippers hire boats, organize sailing and landings, educational, entertainment and social programs. The institutions provide escorts and transport of children to the sea. The project fleet sails approximately up to 5 hours a day along a pre-determined route and in accordance with weather conditions.

REPORT FROM “SAILING FOR TOMORROW 2018”

On each boat there are 6 children, 2 of their pedagogues/-companions and 2 experienced skippers. Under the mentorship of the skipper, all participants experience all auxiliary tasks in controlling the boat.

Throughout the sailing they all actively participate in all tasks: from navigating, controlling sails, to eventual preparation of a meal.

Within 4 days they also pass the special program, developed just for the project Sailing for tomorrow and confirmed by the Slovenian Ministry of Education as “The School in Nature”.

Let me share with you the words from one of the skippers after the end of the project: *“Special children are great children, children who can never be helped enough. Sometimes it seems that for most of the children we sail, the experience is equivalent to a wonderful trip to the Moon, because the events take place entirely outside of their normal surroundings.*

A magnificent nature that boasts a sailboat over the endless sea. No air conditioners, all day fresh air, natural sunlight, no noise, just noise of waves, no TV sets and internet gadgets. The children, who we accept as equivalent crew members, feel all the shocks and the acceleration of the wind. Who knows how all together sparks their imagination and where it takes them? They may have the feeling that the boat is alive and that they are basically riding on a dragon's back on the sea that has always been here. They can forget what you said, they can forget what you did, but they will never forget their experience, how they had felt.

After my nine sailings with kids, it's also quite clear to me, that you had never lived truly, until you have done something good for someone, who cannot pay you this. Anyway, I will continue to do my best to make sure that such and similar feelings do not run out ...”

Sailing for Tomorrow Project's Poem

in Slovenian original:

Jadranje za jutri

To je za otroke, ki so drugačni:
otroke, ki ne dobijo zmeraj petic,
otroke, ki imajo ušesa
dvakrat večja kot vrstniki
ali jim iz nosa visi svečka.

To je za otroke, ki so drugačni:
za otroke, ki so preprosto "taki";
otroke, iz katerih se vsi norčujejo,
ki imajo razbita kolena
in večno mokre čevlje.

To je za otroke, ki so drugačni
in radi zganjajo norčije.
A ko bodo odrasli,
kar je dokazala zgodovina,
so te drugačnosti tisto,
zaradi česar so edinstveni

REPORT FROM "SAILING FOR TOMORROW 2018"

or with my poor translation to English:

Sailing for tomorrow

This is for children who are different:
children who do not always get excellent grades,
children who have ears
twice as big as peers
or a candle hanging from the nose.

This is for children who are different:
for children who are simply "such";
children from whom everyone is mocking,
who have broken knees
and eternal wet shoes.

This is for children who are different
and they want to make fun.
But when they grow up,
as evidenced by history,
these differences are those,
that making them unique.

SWISS FLEET GENERAL ASSEMBLY 2018

By Felix Scherrer RC Winterthur-Mörsburg

○ COMMODORE JUDITH KOENIG OPENS THE ANNUAL MEETING 2018

On May 5th the IYFR Swiss Fleet held its annual general assembly in Romanshorn in the North-Eastern corner of Switzerland on the borders of the Lake of Constance. Commodore Judith Koenig welcomed 22 members and several spouses under a beautiful sky and a nice breeze.

After the formal assembly, 12 captains from the local sailing clubs invited everybody for a cozy cruise with their newly polished boats. The breeze let us sail almost to Germany when it stopped and we had to rely on the engines to return.

Great thanks to everybody who contributed to this enjoyable event. Next will be our traditional cruise at the beginning of September. This year we will be boarding in Portsmouth.

SUMMER MEETING OF THE IYFR GERMAN FLEET NORTH-EAST WITH ANNIVERSARY OF THE CHARTER TWENTY YEARS AGO, ON THE ISLAND USEDOM, 25-27 MAY 2018

By Bernd Jurkschat FC 2017-2019 Germany Fleet North-East

You will find the island Usedom in the east of Germany in the Baltic Sea. A part of Usedom belongs to Poland. Usedom is known for having the most sun days in all of Germany. We met on Friday at the Seeklause Hotel which is in a village called Trassenheide. We were pleased to have the visit of the German Region Commodore Georg-Maria Hagemeyer.

On Saturday we went to the harbour and had a sailing trip on the historic sailing ship „Weiße Düne“. The Captain was a female one. She told to us about the ship and the ship's history. Later we had a maritime lunch on board with fish and meat. It was marvelous. The weather was very good. The sun was shining. We were all in a good mood.

 SAILING

 WELCOME BY FC

In the evening we had the IYFR Meeting. A main point was talking about the organization of the Post Convention Cruise 2019 on the Baltic Sea. After that the chairman of the regional Information Center of DGzRS (that means the German Company for Search and Rescue) held a lecture on „How to do SAR“. We got impressive information on how they work and we saw many pictures from their ships in action.

Then we had the banquet. It was a special dinner to celebrate our 20th Anniversary. Fleet Commodore Bernd Jurkschat addressed the jubilee and talked about the history of IYFR and the history of the German Fleet North-East. It was late when we finished.

On Sunday we said farewell after breakfast. The Meeting and the celebration of our 20th Anniversary was a great success.

POSŁANSTVO IYFR

Slovenska flota IYFR združuje Rotarijske prijatelje morja in plovbe. Deluje v okviru Mednarodnega Pomorskega Društva Rotarijcev ali International Yachting Fellowship of Rotarians (IYFR). IYFR je najstarejše in največje interesno združenje Rotarijcev. Ustanovljeno 1947 v Angliji je leta 2017 preraslo na 130 flot z več kot 3700 člani iz 44 držav. Skupaj razvijamo Rotarijske ideale mednarodnega razumevanja, dobre volje in miru v svetu.

Pridruži se nam lahko vsak Rotarijec, RotarActovec ali njegov partner, če ga le zanima plovba in z njo povezane dejavnosti. Lastništvo plovila ni potrebno. Naša družba nudi možnosti izmenjave idej, izboljšanja lastnih pomorskih znanj, podpira Rotary dejavnosti, gradi trajna prijateljstva in utrjuje rotarijske ideale.

[Kako se pridružim floti IYFR?](#)

V Slovenski floti IYFR organiziramo ogled gradenj in splovitev ladij, križarjenja, regate, ribarjenja, strokovna predavanja in družabne prireditve na kopnem. Temelj vseh naših dejavnosti je druženje in mreženje tako v slovenskem kot tudi mednarodnem obsegu, zato se nam čim prej pridruži tudi ti!

FIRST INTERNATIONAL CRUISE OF IYFR MARINE SCOUT BRIGADES

By Walter Eaglehurst U. South American RC.

○ CONTRA COMMODORE MARCELO ARTEAGA ALONG WITH ECUADOR SCOUTS SAILING IN VELERO PUTA SUR
EL CONTRA COMODORO MARCELO ARTEAGA JUNTO A LOS SCOUTS DEL ECUADOR, NAVEGANDO EN EL VELERO PUTA SUR.

The "First International Cruise of IYFR Marine Scout Brigades", was held from March 29 to April 1, with full success, in Chilean Patagonia, with the assistance of Ecuadorian and Chilean Marine Scouts, who added a total of 21 participants, in two boats, the "Terranova" and the "Punta Sur".

This cruise sailed from Puerto Montt Chile, bound for the Estero de Comau, with an itinerary to visit the beautiful fjords of Quintupeu, Isla Llancahué, Isla Pelada and Hornopirén. Both the navigation program and the Instruction were directed by the Regional Commodore IYFR Walter Eaglehurst.

Local Scouts served as Nautical Instructors, addressing issues of:

Nautical Nomenclature, Navigation, Sailor Knots, Log, Watchers, Sailing, Helmsman, Saito Marinero etc.

The activity served to strengthen the ties between the Boy Scouts and the Flotas de Chile Puerto Varas and Guayaquil Ecuador.

The enthusiast Against Commodore Dr. Marcelo Arteaga of the Guayaquil Fleet, host the Ecuador scouts, and took the chance to invite 6 Chilean Scouts, to participate in a second meeting during the month of July 2018, this time in Ecuador. The Chile Puerto Varas Fleet, whose Fleet Commodore is Don Hernán Correa, Vice Commodore Roberto Wallach, and Commodore Christian Rauch, has been successfully developing the Marine Scouting Program for 4 years, sponsoring the Guayaquil Fleet which grew radically and with astonishing local impact, thanks to the enthusiasm of his current Commodore in charge of the Marine Scouts Program of the Germán Yepes Brigade, Dr. Marcelo Arteaga and the commitment and support of the Commodore Guayaquil Fleet Don Nelson Dossman.

The Marine Scouts of Chile, with more than 2000 navigation miles in experience, have plan inviting in the near future two Punta del Este Brigade Uruguay Scouts to a similar experience in Patagonian waters.

The great interest of children and young people in joining our Marine Scout Brigades, in the countries where this IYFR program is carried out, gives us a great opportunity for encouraging Rotary membership growth.

La actividad sirvió para estrechar los lazos entre los chicos scouts y las Flotas de Chile Puerto Varas y Guayaquil Ecuador. El entusiasta Contra Comodoro Dr. Marcelo Arteaga de la Flota Guayaquil, acompañó a los scouts visitantes del Ecuador, y aprovechó la oportunidad de invitar a 6 Scouts Chilenos, para participar de un segundo encuentro durante el mes de Julio de 2018, esta vez en Ecuador.

La Flota Chile Puerto Varas, cuyo Comodoro de Flota es Don Hernán Correa, Vice Comodoro Roberto Wallach, y Contra Comodoro Christian Rauch, viene desarrollando con éxito el Programa Scouts Marinos desde hace 4 años, apadrinando a la Flota Guayaquil la cual ha tenido un gran crecimiento e impacto local, gracias al entusiasmo de su actual Comodoro encargado del Programa Scouts Marinos de la Brigada Germán Yepes, Dr. Marcelo Arteaga y el compromiso y apoyo del Comodoro Flota Guayaquil Don Nelson Dossman.

Los Scouts Marinos de Chile, con más de 2000 millas de navegación en experiencia, tienen contemplado invitar en un futuro cercano a dos Scouts de la Brigada Punta del Este Uruguay a una experiencia similar en aguas Patagónicas.

El gran interés de niños y jóvenes por participar en nuestras brigadas Scouts Marinos, en los países donde este programa de IYFR se lleva a cabo, nos otorga una gran oportunidad para el crecimiento de la membresía Rotaria.

SEATTLE'S BOATING SEASON OPENNING DAY

Information shared by FC Daron Vchulek Seattle Mariners

Seattle's Opening Day of the Boating Season is held annually on the first Saturday in May. Seattle Rotary Mariners participate along with other yacht clubs in the opening ceremonies, and also sponsor an entry in the boat parade.

After passage through the Montlake Cut into Lake Washington, the Mariners make their way, by land or by sea, to a waterfront home for an afternoon of kibitzing and enjoying potluck buffet offerings.

This year Seattle Rotary Mariner's bridge joined the Seattle Yacht Club for *Opening Day of boating in Seattle* on Seattle May 5th. The weather was perfect, 70's and slightly overcast, which is rare for Seattle.

ARC GLORIA & ROTARY

By Amaury Benedetti FVC Cartagena de las Indias, Colombia

For more than 30 years, our Cartagena Rotary Club has a friendship and goodwill convention with the ARC Gloria School Ship of the Colombian Navy. Each year, the Flag Ship of the Colombian Navy organizes training cruises for the cadet by the world seas, with a duration which may even exceed 6 months. Rotarians in the ARC Gloria way ports are specially invited to visit the Colombian ship and share with the officers and crew while learning a little more about Colombia, our culture, and also joining banners exchange. Year after year, the results has been outstanding with various positive experiences not only for Rotarians but also for international crews from remote sites such as: Australia, Papua, Azores, USA, Canada, Spain among others.

On this occasion and given the coincidence with the 2018 Sail event, which has been taking place every 4 years with the participation of sailboats schools of various army friends, we contacted Rotarians in Belem, Brazil, before the start of the Sail event 2018, Rio de Janeiro, Punta del Este, Montevideo, Buenos Aires, Ushuaia, Punta Arenas, Valparaiso, the Callao, Guayaquil and Bilbao before our return to Cartagena on 19th July.

Year after year, the results has been outstanding with various positive experiences not only for Rotarians but also for international crews from remote sites such as: Australia, Papua, Azores, USA, Canada, Spain among others.

With the recent establishment of the IYFR Fleet Cartagena de Indias in mid 2017 and the support from Angie Mesistrano and Walter Eaglehurst, we could enjoy new doors opening believing in this ARC Gloria proyect. The Rotary magic worked out and with the formidable force of communications from our IYFR ARC Gloria has succeeded in each port visited even those where we have a presence of Rotary but not of IYFR.

On May 28th ARC Gloria arrived to Valparaiso in conjunction with the other ships and it will sail to the Callao in Peru.... We wish the braves navigators excellent winds and good sea and we thanks both officers and crew of the Gloria for being our ambassadors. All rotanautas Rotarians and friends who have come closer to the ARC glory thanks for your visit!

SAIL 2018, ARC GLORIA Y ROTARY

Desde hace mas de 30 años nuestro Club Rotario de Cartagena tiene un convenio de amistad y buena voluntad con el Buque Escuela ARC Gloria de la Armada Colombiana. Cada año el Buque Insignia de la Armada Colombiana organiza cruceros de formación para los cadetes por los mares del mundo, con un tiempo de duración que incluso puede superar los 6 meses. Contactamos a los rotarios de los puertos donde recalará el ARC Gloria y se les invita a que visiten el velero colombiano, departan con los oficiales y tripulaciones y conozcan un poco mas sobre Colombia, nuestra cultura y además realicen el intercambio de banderines. Año tras año, los resultados han sido extraordinarios con diversas experiencias positivas tanto de rotarios como por parte de las tripulaciones en sitios tan variados y remotos como: Australia, Papua, Azores, USA, Canada, España y muchos más.

En esta oportunidad y coincidiendo con el Sail 2018, evento que se viene realizando cada 4 años con la participación de veleros Escuelas de diversas Armadas Amigas, contactamos a los rotarios de Belem, en Brasil, puerto tocado antes del inicio del Sail 2018, Rio de Janeiro, Punta del Este, Montevideo, Buenos Aires, Ushuaia, Punta Arenas, Valparaiso, El Callao, Guayaquil y Balboa antes de su retorno a Cartagena el próximo 19 de Julio.

Con la reciente creación de la Flota IYFR Cartagena de Indias a mediados de 2017 y el padrinazgo de Angie Mesistrano y Walter Eaglehurst, vimos que se abrían nuevas puertas de entusiasmo en este proyecto con el ARC Gloria. La Magia de Rotary no se hizo esperar y con la formidable fuerza de comunicaciones de nuestra IYFR se ha logrado hasta ahora la visita de los rotarios en cada puerto visitado incluso en aquellos donde tenemos presencia de Rotary pero no de IYFR.

El 28 de Mayo arribo el ARC Gloria a Valparaiso conjuntamente con los demás navíos y zarparán en los próximos días hacia El Callao en Perú.... Les deseamos a los bravos navegantes excelentes vientos y buena mar y damos nuestros agradecimientos tanto a los oficiales como tripulantes del Gloria por ser nuestros embajadores. A todos los amigos rotarios y rotanautas que se han acercado al ARC Gloria mil gracias por su visita.

CHILEAN MARINE SCOUT FROM PUERTO VARAS FLEET RECEIVES CAPTAIN TITLE

By Walter Eaglehurst U. RC South America

Thanks to his great preparation as a navigator, and for his 4 years of formation in Marine Scouts Brigade Pilot Dun IYFR, the Chilean Marine Scout of only 18 years old, Cristian Peña Lutchsinger, received recently the title of Yacht Captain, which enables him to sail along the whole country coast.

Cristian Peña is, in addition Nacional champion of Laser in his category and an out-standing Scout. The young marine, stands out for his good character, good will, work spirit and resilience, which made him receive the appreciation and fondness of all his Scouts colleagues.

He also took part in the Convention of Sao Paulo, and in IYFR's Scouts Marinos Stand, he participate as an instructor in Ecuador of the Germán Yepes Brigade Scouts Marinos, and took part in Tall Ships's Regatta boarding Norwegian Buque Escuela "Christian Radich" from Bélgica to Spain.

No doubt he is one of the youngest Captain's of the country and a stand out pride for the Piloto Parde Brigade.

SCOUT MARINO DE FLOTA CHILE PUERTO VARAS RECIBE TÍTULO DE CAPITÁN

El Scout Marino chileno de sólo 18 años de edad , Cristian Peña Lutchsinger, recibió recientemente , gracias a su gran preparación como navegante, durante sus 4 años de formación en la Brigada de Scouts Marinos IYFR Piloto Pardo, el Título de Capitán de Yate , que lo habilita para navegar a lo largo de toda la costa del país.

Cristian Peña además es campeón Nacional de Láser en su categoría y destacado Scout .

Este joven marino, se destaca por su buen carácter, buena voluntad, espíritu de trabajo y superación, que le ha permitido recibir el aprecio y cariño de todos sus compañeros Scouts. Participó en la Convención de Sao Paulo, en el Stand de IYFR de los Scouts Marinos, fué Instructor en Ecuador de los Scouts Marinos de la Brigada Germán Yepes, y participó en la Regata de Tall Ships abordo del Buque Escuela Noruego "Christian Radich" desde Bélgica a España.

Sin duda debe de ser uno de los Capitanes más jóvenes del País y un orgullo para la Brigada Piloto Pardo.

WITH THE WORLD CUP APPEARING AT THE SHORE: ROTARIAN PROJECTS WHICH KEEP INSPIRING...

By Alfredo Montes Niño

Rotary club Majadahonda, distrito 2201 President & Majadahonda Squadron Captain Punta del Este Fleet Uruguay

Through a tripartite agreement between the Rotary Club of San Fernando (Argentina) and of Majadahonda, Spain, and the Sporting of Gijón, the Municipality will develop a soccer teaching project for kids through clinics coordinated by experts from universities and Spain Sports Secretary. "Today we have the possibility of holding a convention for training the boys of our football leagues and their families," said the Secretary of Education, Culture and Social Containment, Carlos Traverso.

Various institutions that are part of san fernando's community working in the social area to which the Commune devotes special effort focus on health, education, social development and sport.

One of these institutions is the Rotary Club of San Fernando (Argentina), which through an agreement with the Sporting Club of Gijón, Spain, took a first step for the organization of a football school for the districts leagues.

In this regard, the Secretary of Education, Culture and Social Containment, Carlos Traverso, said: "We are very pleased to participate in this agreement. The town grew exponentially in sport these years, so much that today we have the possibility of holding a tripartite agreement together with the Rotary of San Fernando and Majadahonda, Spain, and the Sporting Club of Gijón.

We had a videoconference with the club's sporting director, Germán Robles, who handles the football sports schools, and has a great history and trajectory leading soccer clinics all over the world for more than 20 years.

In addition, this convention involves the participation of two universities and the Secretary of Sports of Spain"

"This is a first step that has set the framework convention that we will be sign by the three parties, for the formation of the boys of our football leagues and their families with Spanish teachers," concluded Traverso.

Meanwhile, the Rotary Club of San Fernando's President, Walter Ramaglia, said: "Within the mutual cooperation agreement we have with the Municipality of San Fernando, we achieved an international convention with the Rotary Club of Majadahonda of Spain to develop a football school for boys, and clinics for teachers and parents.

Presented to the municipality, the agreement generated enthusiasm up to the mayor Luis Andreotti and the Secretary of Sports, and we were able to organize this videoconference with the Sporting Gijon, which allow us to be already making progress."

The Rotary Club of Majadahonda of Spain President, Alfredo Montes Niño, added: "We have signed an agreement with the Academia de Mareo, which belongs to the Sporting Gijon, and through the international network of Rotary we have promoted the teaching of this school of football, which is one of the oldest.

As I am Argentine, I connect with local authorities to bring this proposal. Football experts will come and there will also be support of the Spanish government, and two spanish universities wich will get involved in the teaching".

PROYECTOS ROTARIOS QUE SIGUEN INSPIRANDO

A través de un convenio tripartito entre los Rotary Club de San Fernando (Argentina) y de Majadahonda, España, y el Sporting de Gijón, el Municipio desarrollará la enseñanza de fútbol para chicos por medio de clínicas coordinadas por expertos de universidades y Secretaría de Deportes de España.

○ LEFT TO RIGHT WALTER RAMAGLIA L ROTARY CLUB DE SAN FERNANDO (ARGENTINA) PRESIDENT, ALFREDO MONTES NIÑO ROTARY CLUB DE MAJADAHONDA (ESPAÑA) PRESIDENT, CARLOS TRAVERSO SPORTS DIRECTOR OF SAN FERNANDO'S MUNICIPALITY, BUENOS AIRES, ARGENTINA

“Hoy tenemos la posibilidad de celebrar un convenio para la formación de los chicos de nuestras ligas de fútbol y sus familias”, sostuvo el secretario de Educación, Cultura y Contención Social, Carlos Traverso.

Diversas instituciones que son parte de la comunidad sanfernandina trabajan en el tejido social al que el Municipio dedica mucho esfuerzo enfocado en la salud, la educación, el desarrollo social y el deporte. Una de estas instituciones es el Rotary Club de San Fernando (Argentina), que mediante un convenio con el club Sporting de Gijón, de España, dio un primer paso para la organización de una escuela de fútbol para las ligas del distrito. Al respecto, el secretario de Educación, Cultura y Contención Social, Carlos Traverso, expresó: “Estamos muy contentos por participar en este convenio. El Municipio creció tanto en deporte estos años que hoy tenemos la posibilidad de celebrar un acuerdo tripartito junto con los Rotary de San Fernando y Majadahonda, España, y el club Sporting de Gijón. Hemos tenido una videoconferencia con el director Deportivo del club, Germán Robles, que maneja las escuelas deportivas de fútbol, y tiene una gran historia y trayectoria llevando clínicas de fútbol por todo el mundo por más de 20 años.

Además, en este convenio van a participar dos universidades y la Secretaría de Deportes de España”.

“Este es un primer paso que nos ha encaminado para el convenio marco que firmaremos las tres partes, para la formación de los chicos de nuestras ligas de fútbol y sus familias con los docentes españoles”, concluyó Traverso.

En tanto, el presidente del Rotary Club de San Fernando, Walter Ramaglia, destacó: “Dentro del acuerdo de cooperación mutuo que tenemos con el Municipio de San Fernando, logramos un convenio internacional con el Rotary Club de Majadahonda de España para desarrollar una escuela de fútbol para los chicos, y clínicas para los profesores y padres. Se los presentamos al Municipio, generó entusiasmo en el intendente Luis Andreotti y el secretario de Deportes, y logramos organizar esta videoconferencia con el Sporting Gijón, y ya estamos avanzando”.

Y el presidente del Rotary Club de Majadahonda de España, Alfredo Montes Niño, agregó: “Hemos firmado un convenio con la Academia de Mareo, que es del Sporting Gijón, y a través de la red internacional de los Rotary hemos promovido la enseñanza de esta escuela de fútbol, que es de las más antiguas. Como soy de origen argentino, me conecte con las autoridades locales para llevarles esta propuesta. Vendrán expertos del fútbol y también habrá apoyo del gobierno español, y de dos universidades de aquel país que participarán enseñando”

○ LAST MEMORIAL PHOTO WITH SETOUCHI SHIMANAMI FLEET MEMBERS

Setouchi Shimanami Fleet is located in the Seto Inland Sea. The Seto Inland Sea is a stunning place and has many historical islands, and is the best sailing and cruising area in Japan. Please feel welcome to come and sail with Japanese IYFR members!

Reported by : Kozo Kajino (Past Regional Commodore for Japan), May 30, 2018

Acknowledgment and Apology

I would like to express my sincere gratitude for all the YFR Kobe Fleet members for organizing the A3AGM in Kobe.

Special thanks for PFC Akihisa Miya and PFS Michinobu Koyama. I would also like to thank PFC Haruo Shirai, FC Masayuki Tamura of Kyoto Lake-Biwa Fleet, and PFC Masatoshi Udaka, FC Kenichiro Mori and FS Hiroshi Sogabe of Setouchi Shimanami Fleet.

I sincerely apologize for the delay in the report due to various reasons.

RETURN VISIT

By Jun Avecilla IPIC

Immediate Past Regional Commodore of Japan Kozo Kajino and his First Mate Kayoko arrived Manila on Feb 1, 2018 followed by Kobe FC Akihisa Miya and Mate Yoko Euda and Kobe FS Michinobu Koyama on Feb. 3, 2018 honoring the invitation extended by FC Jaime Baniqued at the last A3AGM in Kobe in November 2017. Kozo and Kayoko's were met at their arrival in Manila by IPIC Jun and FC Jaime with Mate Claudette, checked in at the Luxent Hotel in Quezon City where they later attended the Rotary Club of Cubao West and Cubao West Fleet meeting and fellowship at the nearby Rembrandt Hotel.

The following day Feb 2 we had a field trip at the Villa Escudero Plantation and Resort in Tiaong Quezon, about three hours drive from Quezon City, to experience the allure of Philippine country life and dined at its unique world-re-nowned main attraction, the Labasin Waterfalls Restaurant for lunch. As the District 3780 is to have its "The Great Midcon" at a dormant volcano Mt. Makiling National Park and Forest Reserve, Laguna, the group opted to spend the night at the Trace Suites at the foot of the mountain. IPIC Jun hosted dinner at a local restaurant somewhere at the top of mountain overlooking flickers of lights of the towns below.

○ THE GREAT MIDCON CAMP D 3780 AND TREE PLANTING AT MT MAKILING

The next day Feb 3 everyone proceeded to the Boy Scout of the Philippines camping ground and joined the morning festivities that included a tree planting program. Thereafter IC Jun drove the group to check in at the historic Manila Hotel thereafter RC Gov Edmond Aguilar hosted lunch at a Chinese place while waiting for the arrival of FC Miya and company that early afternoon and who were fetch by FC Johnson Tan at the airport.

Later in the afternoon the group were treated by FC Al Supangan with some of his members of the World Class Fleet at the Manila Yacht Club and cruised around the Manila Bay at sunset on board FC Al's motor yacht "Laura". The evening was culminated with a dinner to celebrate the birthday of RC Gov Edmond at Barbara's Heritage Restaurant to the wonderful performance of cultural dancers.

Sunday Feb 4 was an early morning departure for outing to the Island of Corregidor at the entrance of Manila Bay taking an hour and a half by ferry. The big guns of Corregidor, the ruins of buildings and structures, and tunnels tell a moving story of a war that has claimed many lives.

Returning to Manila after lunch in Corregidor awaits a sunset cruise on a 16th century replica of ancient plank boat "Balangay" the oldest watercraft found in the Philippines. The evening was capped with dinner hosted by FC Johnson at The Legend (Hong Kong) Seafood.

Feb 5 Monday was a trip to a coconut plantation, Lunch in Tagaytay City overlooking the Taal Volcano and visit to the quaint and modern Yoki's Farm in Mendez, Cavite (@yokis-farm of Facebook) courtesy of FC Dra.Arlene Lim who happens to know the owner. A quiet night at the Tap Room at the Manila hotel for a quiet evening ended the day as the group prepares for departure the next day.
